Abstract

Raymond E. Vanderlinde was a clinical chemist with a special interest in the treatment of Diabetes.
Papers of Raymond E. Vanderlinde

COLLECTION SUMMARY
Title: Papers of Raymond E. Vanderlinde
Dates: 1947-2002
Size: 5.5 linear feet
Creators: Raymond E. Vanderlinde
Repository: Chemical Heritage Foundation
Language: English

ABSTRACT
This collection covers Raymond E. Vanderlinde’s career as a clinical chemist at the Syracuse Memorial Hospital, Syracuse New York and at the Hahnemann University Medical College and Hospital, Philadelphia Pennsylvania. It also includes some material dating from his stint as an employee of the New York State Department of Health.

BACKGROUND NOTE
Raymond Edward Vanderlinde was educated at Syracuse University and was the recipient in 1950 of the first PhD degree to be awarded through the Syracuse University College of Medicine. After a stint teaching biochemistry at the University of Maryland School of Medicine he accepted a position in 1957 at Syracuse Memorial Hospital as their first clinical chemist and director of clinical laboratories. From 1965 through 1967 he served as director of clinical chemistry for the New York State Department of Health. During this period he was an active member in the American Association for Clinical Chemistry (AACC) with a special interest in professional standards. In 1976 Vanderlinde joined the staff of Hahnemann Medical College in Philadelphia as Professor and Director of Clinical Chemistry. In 1985 he was the recipient of the 20th Annual AACC Award for Outstanding Contributions through Service to Clinical Chemistry as a Profession. He was also written on the history of the AACC and the profession of Clinical Chemistry. Raymond E. Vanderlinde died on July 14, 2007.

ACCESS RESTRICTIONS
Unrestricted

COPYRIGHT INFORMATION
Copyright restrictions may apply.

PREFERRED CITATION
Item Description, Papers of Raymond E. Vanderlinde, Folder Number, Box Number, Chemical Heritage Foundation Archives

PROCESSING INFORMATION
The material was arranged in chronological order by the processing archivist.

ACQUISITION INFORMATION
Gif of Raymond E. Vanderlinde

ACCESS TERMS
Clinical chemistry, Scientific associations, Diabetes research, Chromium peptides, Normal values, Professional Standards & Accreditation
CONTAINER LIST

Box 1 1947-1965
(Titles of folders are those given by REV.)

Box 1 Folder 2 Physiology Experiments, University of Syracuse, 1948.

Box 1 Folder 5 University of Maryland—Public Health Service Research Grant—1953-1959.

Box 1 Folder 6 Medical Course, School of Medicine, University of Maryland—1955-1956.

Box 1 Folder 7 Syracuse Memorial Hospital—Graduate School—1954-1974.

Box 1 Folder 8 Vasington, F.D.—Ph.D. Thesis, School of Medicine, University of Maryland—1955. [REV was Vasington’s thesis advisor.]

Box 1 Folder 10 AACC New York Upstate Section—scrapbook—1957-1960.

Box 1 Folder 12 AACC—Early Materials—1958-1070

Box 1 Folder 13 Syracuse Memorial Hospital—Nurses’ Directions—1959.

Box 1 Folder 14 Syracuse Memorial Hospital—Clinical Lab Nurses’ Manual—1959.

Box 1 Folder 15 QC & Study-Gen and Enzymology—reprints, data, lecture overheads, Minutes of Meetings—1959-1976.

Box 1 Folder 16 Historical Development of Clinical Chemistry—classic reprints—1956-1998.

Box 1 Folder 17 DL&R [Division of Laboratories & Research], Albany—corres.—1960-1976.

Box 1 Folder 18 Normal Values Research—reprints and data—1960-1983.

Box 1 Folder 19 AACC-Historical—corres. and internal documents—1961-1999.

Box 1 Folder 20 Memorial Hospital, Cumberland, MD—Laboratory Bulletin, 1, 1-3—1962; 2, 1-2—1964.

Box 1 Folder 22 AACC New York Upstate Section—corres., reminiscences, Minutes of Meetings—1964-1976. [Folder 1 of 3]

Box 1 Folder 23 AACC New York Upstate Section—1964-1976 [Folder 2 of 3]

Box 1 Folder 24 AACC New York Upstate Section—1964-1976 [Folder 3 of 3]

Box 2 1966-1977

Box 2 Folder 2 Inherited Metabolic Disease—PKU-related items—1966-1976.

Box 2 Folder 3 DL&R—corres., reprints, notes and salary-related items—1968-1975.

Box 2 Folder 5  CAP Consent Decree—1969, 1981. [An anti-trust action was brought by the Department of Justice against the College of American Pathologists for alleged price-fixing and boycotting of non-members.]

Box 2 Folder 8  FDA—corres., documents, Minutes of Meetings—1972-1982.

Box 2 Folder 13  Research Grants—continuing HEW applications—1973, 1976 [“Optimized Inter-laboratory Enzyme Assays: LDH, ASPAT”].

Box 2 Folder 14  Historic QC—reprints of articles concerning quality control testing in labs—1973-1978.

Box 2 Folder 16  FDA-Product Class Standards, Labelling Requirements—1973-1982. [REV served on Advisory Committee on Diagnostic Problems.]

Box 2 Folder 17  AACC Standards Committee—corres., programs, Minutes of Meetings—1975-1981.

Box 2 Folder 20  Commission on Accreditation in Clinical Chemistry (COMACC)-History & Records—1976-1990.

Box 2 Folder 21  Grant-Enzymes—Application and Research Plan—1977.

Box 2 Folder 22  AACC-Philadelphia Section—corres. and section documents—1977-1980. [Folder 1 of 2]

Box 2 Folder 23  AACC-Philadelphia Section—1977-1980. [Folder 2 of 2]

Box 2 Folder 24  Hahnemann Medical College—misc. materials incl. a history of Hahnemann Hospital—1976-1989.

Box 3  1978-1985

Box 3 Folder 1  Speculation and reprints—by REV and others—1978-1985. [“Speculation” concludes that “Diabetes in a Multifactorial Disease.”]

Box 3 Folder 2  AACC-Philadelphia Section & PA State Advisory Committee—incl. history of the section—1978-1984.

Box 3 Folder 3  NCCLS Council-Historical—1978-1996.

Box 3 Folder 4  Course in Lab Medicine-Historical—given at Hahnemann Hospital—1978, 1990.

Box 3 Folder 5b  BOD AACC—1979.

Box 3 Folder 6  Licensure Prof. Relations & CAP—incl. draft proposal & Xerox of State Assembly bill—1978-1980.
Box 3 Folder 7  Kayne, F.J.—HEW grant application (“Isolation and role of Cr compounds in urine”—1979. [See also: B 3 FF12]

Box 3 Folder 8  Kayne, F.J.—two proposals—to NSF and HEW on chromium and metalloimmunoassay & direct analysis of trace elements—1979, 1982.

Box 3 Folder 9  Cr Grant Renewal—HEW grant—“Relationship of Tissue Levels of Chromium to Diabetes”—1979.

Box 3 Folder 10  Sherbrooke-1979. [Symposium on “Chromium in Nutrition and Metabolism.”]

Box 3 Folder 11  Urine Cr Identification—corres., reprints, data—1980-1983.

Box 3 Folder 12  ACS Board Committee on CC—corres., Minutes, history—1980-1990.

Box 3 Folder 13  Joint with Joslin Clinic—1980-1982 / ADA Feasibility Grant Program—REV. “Effects of urinary peptides on the pyruvate dehydrogenase reaction”—application & research plan—1982. [Application not approved by ADA.]

Box 3 Folder 14  Chromium peptide—research & draft of a paper—1980-1982.

Box 3 Folder 18  Chromium 1982—reprints and presentations by REV and others.

Box 3 Folder 19  Larner, Joseph (University of Virginia School of Medicine)—corres., research notes—1982-1983.

Box 3 Folder 19b  Multiphasic Laboratory Screening and Profiling—Program & REV notes—1982.

Box 3 Folder 21  Accuracy Workshop—“Accuracy as an Achievable Goal in Clinical Laboratories” (AACC workshop co-taught by REV, Washington, D.C., 1984.

Box 3 Folder 23  NCCLS-Enzymes

Box 3 Folder 24  AACC 1985 Award for Outstanding Contributions of Service to the Profession of Clinical Chemistry—corres. & CVs—1985. [Awarded to REV.]

Box 4  1986-2002; Topical Vanderlinde Files; Clinical Chemistry Instrumentation

Box 4 Folder 2  COMACC [Commission on Accreditation in Clinical Chemistry]—corres.—1987-1994.

Box 4 Folder 8  Vanderlinde-CV—1990.
Box 4 Folder 9 Vanderlinde-Preprints & Reprints—1950-1969.
Box 4 Folder 12 Vanderlinde-Preprints & Reprints—1986-1989.
Box 4 Folder 13 Vanderlinde-Preprints & Reprints—1990-1998.
Box 4 Folder 14 Vanderlinde—“A Century of Health Care and Medical Education from the Viewpoint of a Clinical Chemist”—2002. [REV’s history of Clinical Chemistry.]
Box 4 Folder 15 Clinical Chemistry Instrumentation 1—manuals & technical ads—AGA, Aminco, Bausch & Lomb, Beckman, Dade, Hycel.
Box 4 Folder 16 Clinical Chemistry Instrumentation 2—manuals & technical ads—Pfizer, Sigma, Technicon.
